Ans. No

Q10. If two students get same marks, so would the ranking be same?

Ans. Yes, if they would mark right answers to the same number of questions from easy, moderate and difficult sections. On the other hand a student is expected to get a better rank if he/she marks more correct answers from difficult section and yet secures same marks as someone who has got less of difficult questions correct.

Q11. When will the National & International Rankings declared?

Ans. SEAMO India results will be declared on 25 August, 2017 along with All India Rank and personalized report card. The International Rank will be declared sometime in December 2017, once SEAMO publishes the results of all other Asian countries.

Q12. How will SEAMO publish international rank if the exam is conducted on different dates in different countries?

Ans. The question paper for all countries including India will be prepared together hence the experts of SEAMO will maintain parity in terms of difficulty level.

Q13. How can the Analytical and other skills of a student be evaluated in just about 24 questions?

Ans. SEAMO is not about speed or accuracy as a student gets on an average 4-5 minutes per question

which means a student has to deeply think on the solution approach to a problem. Based on the answer option selected a student's skill base will get rejected.

Q14. If a student gets top rank, will they be eligible for any scholarship?

Ans. No, SEAMO is all about assessing one's ability to think on the solution approach to a problem, compete with other students, evaluate National and International standing, and identify strengths & weaknesses and to develop improvement in learning methods in their future.

Q15. Where can I get sample papers from?
